COMMON READ

As part of the **PeaceTrees Common Read**, the organization invites the community to read a selected book related to its mission. The featured book this year is ***Inheriting the War, Poetry and Prose by Descendants of Vietnam Veterans and Refugees*** edited by Laren McClung and foreword by Yusef Komunyakaa.

Please join us in-person for a local citizen diplomacy event on the evening of **Tuesday, June 24, 2025** at the **Little Saigon Creative**. Hear from individuals of various backgrounds impacted by the U.S.-Vietnam War as they share their stories and read poetry and prose from the book.

We hope you can join us for this community gathering that focuses on intergenerational perspectives. From the point of views of Vietnamese refugees, second-generation folks, veterans, and peace activists, the evening will highlight the ongoing effects of the war to foster mutual understanding and healing on all sides.
